- Same day despatch with next day delivery to UK mainland
- Available through Donghua suppliers

Donghuas' Leaf Chain is specifically developed with material handling equipment manufacturers and is tried & tested with all leading forklift truck brands used in the UK.

For use in environments where quality is key and safety is paramount. Optimised plate profiles ensure high ultimate tensile strengths exceed DIN standards and a high pin surface hardness delivers high wear life.

CE Marking is stamped on all our Leaf Chain products sold across the EEA reassuring customers of conformity to safety directives. Unique reference plates allow full traceability. We also issue DEKRA Certificates alongside our usual product test certificates.
